Our Family Plan

Like Lisa and Mike's legal pad: get on the same page with your family before anyone says a word to Mom or Dad. Start with what they want.

What Mom or Dad wants, in their own words

What we know (facts, with dates)

What we're not doing yet

Who does what

NAME	WHAT THEY'LL DO (TIME, MONEY, CALLS, VISITS)

When we check in with each other

Day: _____

Time: _____

How (call, text): _____

Our first small step

What: _____

Who: _____

By when: _____

Remember: everyone in the family may be seeing something real. Listen to each other first. Your plan is about helping them keep what matters to them.

General education for families, not medical, legal or financial advice.
